

10 Reasons for choosing Quikfix Instant Road Repair

the world's leading pothole and road degradation repair product

Quikfix Instant Road Repair: TECHNOLOGICALLY-ADVANCED

With substantial traffic load performance, skid-resistant, anti-stripping, anti-wear, water-displacement, void reduction and polish-resistant properties. Tested and proved in use in over 40 countries worldwide on both asphalt and concrete roads, no other repair material provides the same durability, effectiveness or benefits.

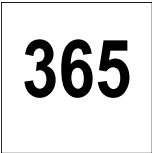

Quikfix Instant Road Repair: ULTRA-FAST APPLICATION !

An average-size pothole can be repaired and open to traffic in 10 minutes. It delivers an instant, permanent, once-only repair requiring no mixing, priming, over-sealing, tack coat or curing time. Roads reopen to traffic and repairs driven over immediately. The product is a cold-mix, poured straight from the container into the pothole—it requires no heating in manufacture or in application and no heavy equipment or special vehicles.

Quikfix Instant Road Repair: UNIQUE 5-YEAR GUARANTEE

With each and every repair carried out by Quikfix itself comes a 5-year guarantee—if a repair should ever fail, we fix it for free. This is unique to the industry and made possible by an innovative *Repair Identification System* exclusive to Quikfix. The system enables customers to track repairs in real time without leaving their desks and benefit from a date check which automatically activates the guarantee.

Quikfix Instant Road Repair: APPLY ALL YEAR

Unlike conventional road repair materials and traditional repair methods, Quikfix Instant Road Repair is capable of being applied all year round. It makes no difference if the weather is hot or cold, wet or dry—this product repairs potholes and degraded roads all year round in over 40 countries worldwide on virtually every continent. Anyone who says nothing exists that can achieve this have yet to experience Quikfix !

Quikfix Instant Road Repair: APPLY IN ALL WEATHER

No other pothole repair material can be applied in temperatures from -45°C to +60°C or in monsoon rains ! The product is totally unaffected by water, snow, ice or high summer heat. The product is BBA/HAPAS Accredited and has been tested by highway laboratories around the world. Marshall Test results are exemplary and set an industry standard which few products are able to match.

Quikfix Instant Road Repair: ECO-FRIENDLY

Whereas hot rolled bitumen and other road repair products emit dangerous toxic fumes, require heating, and result in high volumes of material waste, Quikfix Instant Road Repair is a cold-mix and entirely environmentally safe for people, flora and fauna. Quikfix Instant Road Repair has been thoroughly tested and proved to be Clean, "Green", Toxic-free and totally harmless.

Quikfix Instant Road Repair: AVAILABLE AS A TURNKEY SERVICE

Let Quikfix do it all—"Supply and Apply"—under an all-inclusive standard 3 or 5 year contract structured to you particular needs.

Quikfix Instant Road Repair: PRICE-FIXED FOR UPTO 5 YEARS

Our standard turnkey "supply & apply" contract guarantees a fixed price for 3 or 5 years—something few contractors can equal but one which enables road authorities to plan their future maintenance programmes and budgets with certainty. Our all-inclusive, turnkey contracts mean we provide everything to do the job—product, labour, vehicles, tools and equipment—road authorities have nothing more to pay.

Quikfix Instant Road Repair: WE EMPLOY & TRAIN 100% LOCAL PEOPLE

Governments need to offer their people well-paid employment and this opportunity arises when entering into contracts with Quikfix. We guarantee to incorporate a local company and to engage and train 100% local people to operate our business—this, and the fact we source most of our supplies locally too—is great news for local economies.

Quikfix Instant Road Repair: REDUCES COSTS

Why pay for the same potholes to be repaired repeatedly ? Inferior products mean repairs frequently fail—causing more disruption, accidents, deaths and public disquiet. A Quikfix repair is a "once-only" repair. Fewer repairs = less cost, plus with a fixed-price contract and our unique "if it ever fails, we fix it for free" guarantee it all adds up to the best-value news of all !
